Payton Bernstine

Owner, Promise Event Planners

Why is Denver the perfect location for events?

"Denver is the perfect place for events because we have some of the best weather, the best venues, and such easy access to the beautiful Colorado scenery. We have many types of venues that support specific and different types of events; whether you want a modern-industrial style vibe with a city view or want to feel like you're in the middle of nowhere. No event in Denver is ever exactly the same as the last."

What do you think makes a successful event?

"A successful event is made by the people that attend and their experience at the event. We want to make sure that everyone is having a great time and that our guests' needs are met. It can be as simple as providing umbrellas for guests if there's a chance of rain or making sure there are meal options for every dietary restriction. At Promise Event Planners, we like to add an element of surprise to every wedding, and to us, that's what makes an event. The element of surprise!" —*Hilal Bahcetepe*

“ COVID-19 has been hard on my clients, but I have been able to help couples change and alter plans so we can still create something amazing for them in 2021 or shift their 300-person wedding to a micro-wedding. I am taking away from all of this that getting people together for events is so incredibly important and something that people crave, and we will party again!"

Promise Event Planners is located in Downtown Denver and operates daily from 9 a.m. to 9 p.m. With over six years of professional experience in wedding and event planning, Bernstine specializes in making your occasions special.
